YANG, XIANGYU (杨翔宇)

Address: 27 Shanda Nanlu, Jinan, Shandong, Chinese Mainland · Postal Code: 250100
Office: Room 609, Block B, Zhixin Building · E-mail: yxy@email.sdu.edu.cn
Scopus ID: 57217136925 · ORCID: 0000-0002-7825-3310 · Web of Science ID: NTQ-9041-2025
Personal Website: https://xyangmsor.github.io/

Research Interests: Monte Carlo simulation; stochastic optimization; data-driven analytics; healthcare

ACADEMIC POSITIONS

Shandong University, School of Management — Jun 2022 – Present

- (Tenure-Track) Associate Researcher — Nov 2025 – Present
- (Special-Funded) Postdoctoral Researcher — Jun 2022 – Nov 2025
  - Advisor: Jianghua Zhang

Stony Brook University, Department of Applied Mathematics & Statistics — Feb 2024 – Aug 2024

- Visiting Scholar
  - Advisor: Jiaqiao Hu

EDUCATION

Fudan University, School of Management, *Ph.D* — Sep 2017 – Jun 2022

- Major: Management Science & Engineering
- Advisor: Jian-Qiang Hu

Shandong University, School of Management, *Bachelor* — Sep 2013 – Jun 2017

- Major: Engineering Management
- Minor: Financial Mathematics & Financial Engineering

PUBLICATIONS (CORRESPONDING AUTHOR*)

Journal

- **Xiangyu Yang***. 2027. Two-Timescale Stochastic Approximation for Smooth and Strongly-Convex-Strongly-Concave Stochastic Minimax Optimization: A New Convergence Rate, *Operations Research Letters* 71, 107550.
- Jianghua Zhang, Hongwei Shi, Zizhuo Wang*, and **Xiangyu Yang**. 2026. Pre-Disaster Planning for Emergency Evacuation with Social Distancing under Compound Disasters: A Multi-Alternative Optimization Framework, *Transportation Research Part E: Logistics and Transportation Review*. Accepted.
  - Best Paper Award (3rd Prize), 20th International Conference on Services Systems & Services Management
- Feng Xu, Jian-Qiang Hu, and **Xiangyu Yang***. 2026. Surrogate-Free Annealing Random Search for Continuous Stochastic Optimization, *Naval Research Logistics* 73(6), 953-968.
- Hao Cao, Jian-Qiang Hu*, Teng Lian, and **Xiangyu Yang**. 2025. Infinitesimal Perturbation Analysis (IPA) Derivative Estimation with Unknown Parameters, *Automatica* (Regular Paper) 174, 112140.
- **Xiangyu Yang**, Jianghua Zhang*, Jian-Qiang Hu, and Jiaqiao Hu*. 2024. Nonparametric Multi-Product Dynamic Pricing with Demand Learning via Simultaneous Price Perturbation, *European Journal of Operational Research* 319(1), 191-205.
- **Xiangyu Yang**, Jiaqiao Hu, and Jian-Qiang Hu*. 2024. Relative Q-learning for Average-Reward Markov Decision Processes with Continuous States, *IEEE Transactions on Automatic Control* (Regular Paper) 69(10), 6546-6560.
- Jiaqiao Hu, **Xiangyu Yang***, Jian-Qiang Hu, and Yijie Peng. 2024. A Q-learning Algorithm for Markov Decision Processes with Continuous State Spaces, *Systems & Control Letters* 187, 105782.
- Yanfeng Wu, Jian-Qiang Hu, and **Xiangyu Yang***. 2022. Moment Estimators for Parameters of Lévy-driven Ornstein-Uhlenbeck Processes, *Journal of Time Series Analysis* 43(4), 610-639.

- **Xiangyu Yang***, Yanfeng Wu, Zeyu Zheng, and Jian-Qiang Hu. 2021. Method of Moments Estimation for Lévy-driven Ornstein-Uhlenbeck Stochastic Volatility Models, *Probability in the Engineering and Informational Sciences* 35(4), 975-1004.
- 吴燕丰, **杨翔宇** *, 胡建强. 2025. 仿射随机波动率模型的矩估计方法, *系统工程理论与实践*. 录用.

Conference

- **Xiangyu Yang**, Jian-Qiang Hu, Jiaqiao Hu, and Yijie Peng. 2020. Asynchronous Value Iteration for Markov Decision Processes with Continuous State Spaces, *Proceedings of the 2020 Winter Simulation Conference*, Orlando, USA. 2856-2866.

PREPRINTS

- Queue-Stabilized Primal – Dual Methods for Constrained Markov Decision Processes, sole author. *Under Review*.
- Nonparametric Learning and Earning with One-Point Feedback under Nonstationarity, joint work with Feng Xu, Jian-Qiang Hu, and Jiaqiao Hu. *Under Review*.
- Steady-State Quantile Optimization for Controlled Markovian Systems, joint work with Teng Lian and Jian-Qiang Hu. *Major Revision*.
- A Penalty-Based Exterior-Interior Point Method for Stochastically Constrained Simulation Optimization, joint work with Jiaqiao Hu and Jianghua Zhang. *Under Review*.

RESEARCH GRANTS (AS PI)

National Natural Science Foundation of China, Young Scientists Fund	¥300k – Began
China Postdoctoral Science Foundation, General Fund	¥50k – Completed
Shandong Provincial Natural Science Foundation, Young Scientists Fund	¥150k – Began
Shandong Postdoctoral Science Foundation, Innovation Fund (Social Sciences)	¥30k – Completed

TEACHING

Undergraduate-Level Courses:

- Linear Algebra (线性代数), Spring 2026
- Frontiers of Supply Chain Management (供应链管理前沿), Spring 2026

Graduate-Level Courses:

- System Modeling and Simulation (系统建模与仿真), Spring 2023, 2025, and 2026
- Data and Decision-Making Methods (数据与决策方法专题), Fall 2022, 2023, 2024, and 2025
- Introduction to Machine Learning Theory (机器学习理论导引), Fall 2026

SERVICE & HONORS

Service:

- Session Chair: 2025 INFORMS International Meeting
- Reviewer: *Naval Research Logistics*, *Transportation Research Part E: Logistics and Transportation Review*, *Journal of Simulation*, American Control Conference (ACC), Winter Simulation Conference (WSC), 运筹与管理

Honors:

- First Prize for Outstanding Postdoc of Shandong University (10 awardees annually)
- Outstanding Graduate of Fudan University
- Outstanding Teaching Assistant of Fudan University

MISCELLANEOUS

- Programming & Software: Python, R, MATLAB, LaTeX
- Erdős Number = 4
